Projets

NovaDesk — Project Management System

Software Engineering Academic Project
Developed a web-based project management system designed to help organizations plan, organize and monitor projects efficiently.
Technologies: React, TypeScript, Node.js, Express.js, MongoDB, JWT, Git/GitHub

La Langue

English

French

Teaching Experience

ICT, Computer science and Mathematics Teacher

I teach at Big Dreams institution, Saint Jonas, The Glory academy and The A team academy

Taught From 5 and upper sixth

Prepared lesson plans, exercises and assessments

Relevant Coursework

- Object-Oriented Programming
- Data Structures & Algorithms
- Database Systems
- Web Development
- Software Engineering
- Computer Architecture
- Networking
- Java Programming
- JavaScript
- Mathematics / Statistics

PROFESSIONAL SKILLS

- Problem solving
- Continuous learning
- Team collaboration
- Adaptability
- Attention to detail
- Classroom management
