Douala, Bonaberi

https://github.com/DEVELOPPERMICH237

## Objective

Software Engineering student at Institut Universitaire de la Côte (IUC), with hands-on experience in Java, JavaScript, HTML/CSS, Git and GitHub. Currently strengthening my knowledge of object-oriented programming, databases, software design and version control. Motivated to gain professional experience, contribute to real-world projects and grow within a collaborative development team.

## Experience

**Phibrain Inc**

-

Software engineer internship

2 month internship | Douala, Cameroun

- Participated in software development activities.
- Participated in hardware and software maintenance activities.

## Education

**EMERGENCE BILINGUAL COLLEGE**

GCE Advance level

**Institut universitaire de la côte (IUC)**

Software engineering | HND cycle level 2

## Skills

Programming: Java-fundamental, JavaScript-fundamental, HTML5, CSS3, SQL

Software Engineering: Object-Oriented Programming (OOP), SOLID principles, Data Structures & Algorithms, Software Design, Use Case Modeling, UML / PlantUML

Tools & Development: Git, GitHub, IntelliJ IDEA, Visual Studio Code, Linux / Kali Linux

Web & Other: MERN-stack fundamentals, MongoDB, Microsoft Office

COMPUTER SC & MATH teacher

## Reference

**Zobel Ulrich - Orange Cameroon**

Software engineer

Tel: +237697451979

## Projects

### NovaDesk — Project Management System

Software Engineering Academic Project

Developed a web-based project management system designed to help organizations plan, organize and monitor projects efficiently.

Technologies: React, TypeScript, Node.js, Express.js, MongoDB, JWT, Git/GitHub

Key contributions:

Designed system requirements and use cases.

Developed and documented system workflows using UML/DFD.

Worked on user authentication

Designed database structures for project and user management.

Applied Agile software development principles.

Used Git and GitHub for version control.

## Languages

English

French

## Relevant Coursework

- Object-Oriented Programming
- Data Structures & Algorithms
- Database Systems
- Web Development
- Software Engineering
- Computer Architecture
- Networking
- Java Programming
- JavaScript
- Mathematics / Statistics

## PROFESSIONAL SKILLS

- Problem solving
- Continuous learning
- Team collaboration
- Adaptability
- Attention to detail
- Initiative
